Erasmus+

Let's play the game - truth or lies

Erasmus+

All students respect their teachers and each other

During the process students created anthem of the project already

Our next meeting in Liberia on 2022 spring

There was competition about creating project logo

The name of each country participating in the project contains the letter “T”

This project connects three countries: Latvia, Turkey and Lithuania

The main target group is music schools students, in range of 15-18 years old

According to this project the main problem that students in musical schools miss knowledge in IT :(

Turkey currently has the warmest weather among the project countries

Between Lithuania and Latvia there is astonishing country named Estonia

Erasmus+

Let's get closer to each other

- Say your name
- What kind of artist you are? Subject you study.
- What would be only one thing you would take with you to a desert island?

Erasmus+

Thank you for your attention. Open your minds
and hearts for other countries culture and
music.
